

Levels of Consciousness

Consciousness is reflected in the Bodies many Fractals from Eyes to body to etc.

“The eyes confirm the body and the body confirms the eyes.” -Katherine

Your Body is the voice of your Conscious and Unconscious. Your Body is your Thoughts and Words made flesh!

Your body is either Free or Bound up. Your body is a direct reflection of Free thoughts or Bound up thoughts.

All physical discomfort in or around your body is a direct reflection of your thoughts and words.

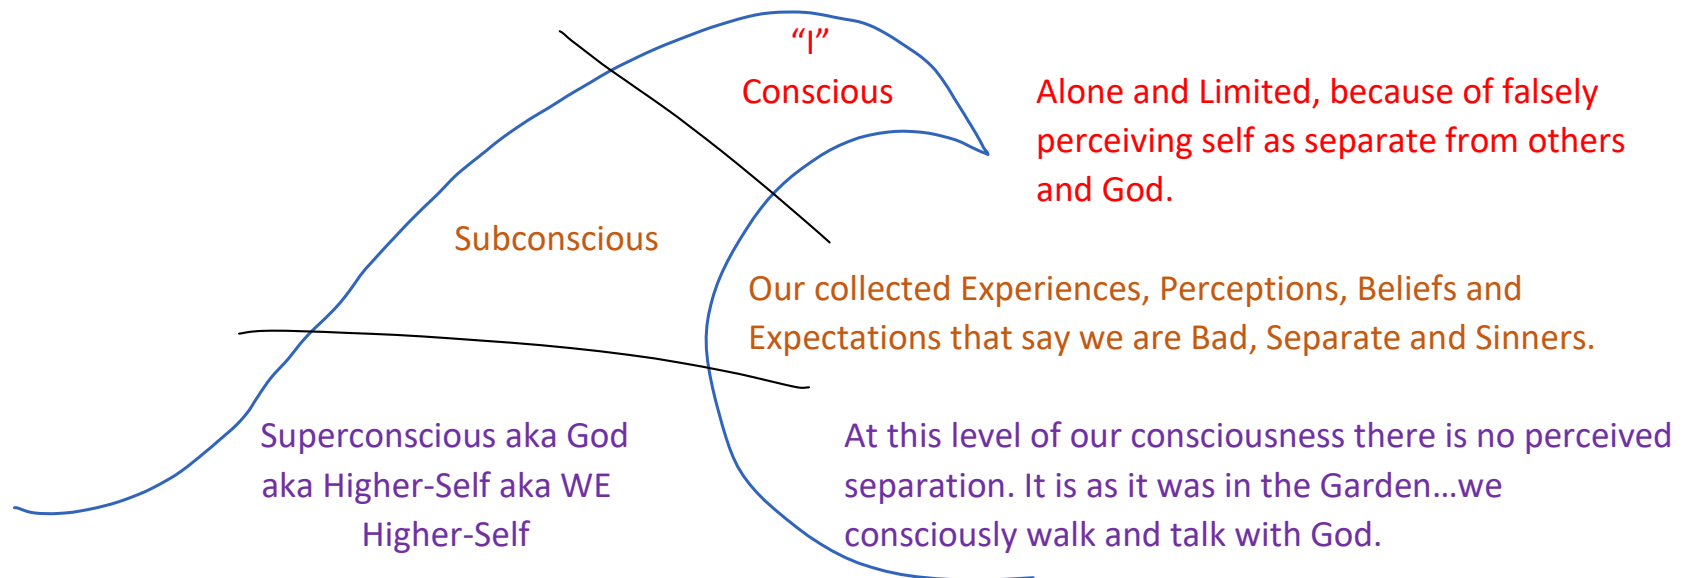

You don't need tarot cards or crystal balls to scry (see into) what your consciousness is creating.

“The secrets to the Universe are as close as the veins in your neck.” -an Ayurvedic saying

Meaning: The Coded Scripts aka Source-Code used to create your body are the same that created the Universe...everything from the micro to macro!!!

The **Subconscious** is where most of one's blocks are located. The subconscious is what we need to clear or at least suspend long enough to get our desirous intents (arrows) by.

The **Superconscious** is God. God is like an ocean that the individual waves rise up from.
