THE GAME

Let's start with the Game-Board  
aka the Matrix aka the Hologram aka Maya.

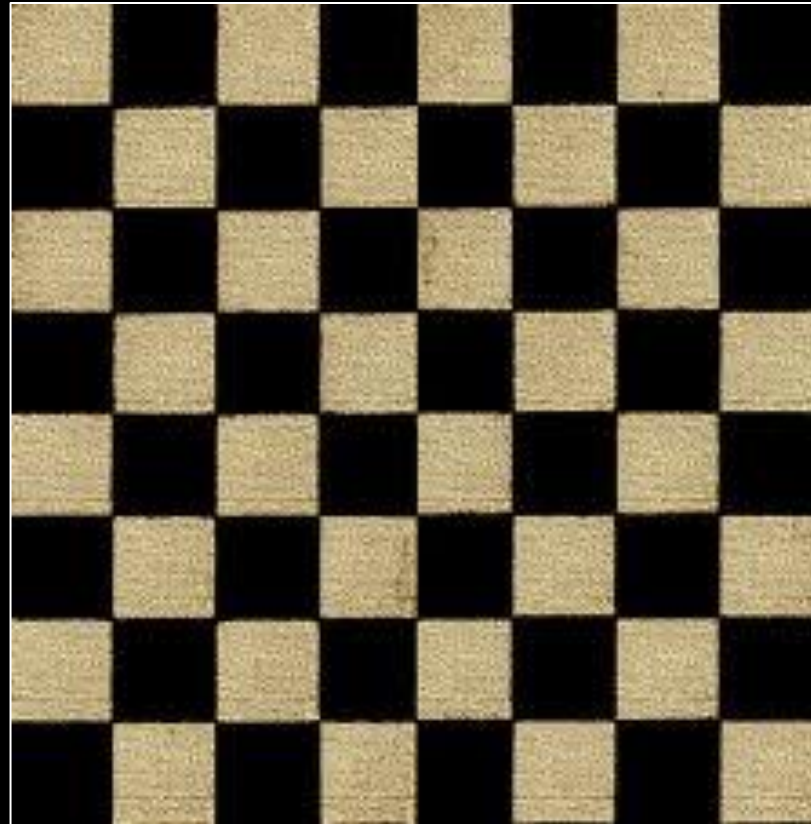

It has 64 squares.

$$8 \times 8 = 64$$

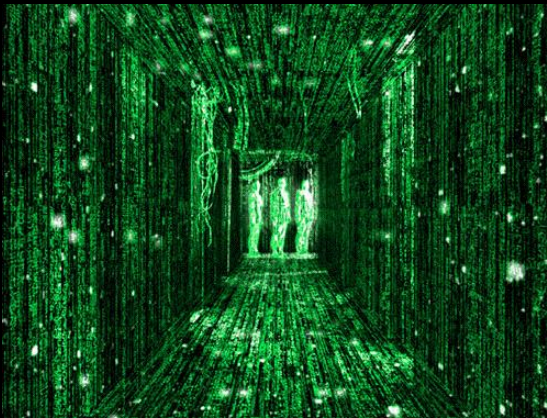

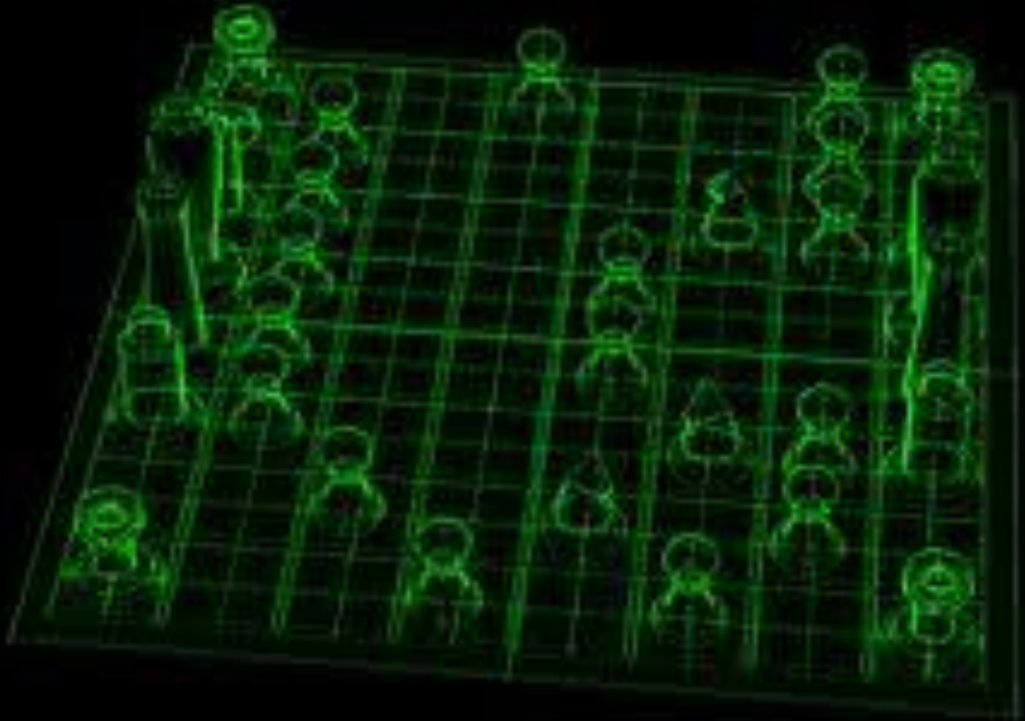

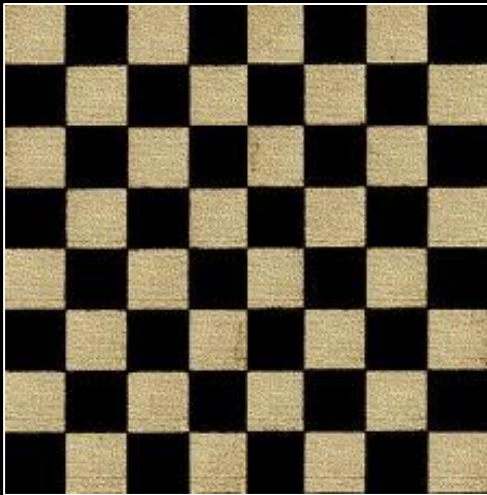

# 64 as in '64-bit Operating System'

A system that you would use to create something like a game, or at least to play a game!

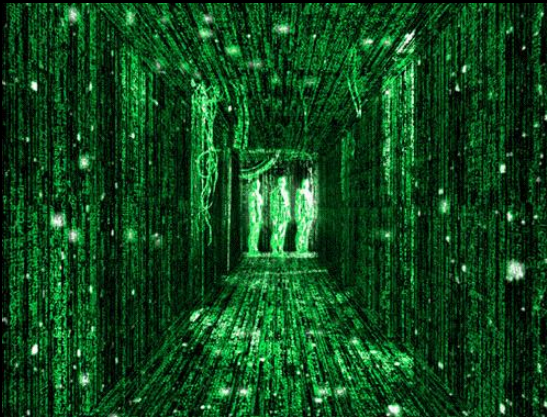

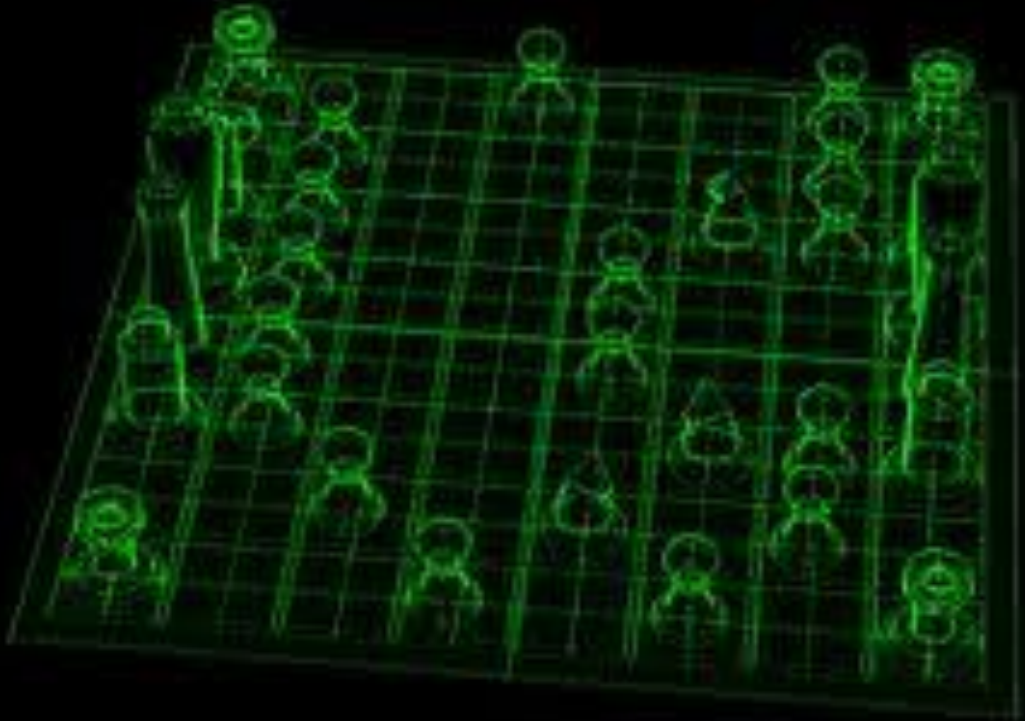

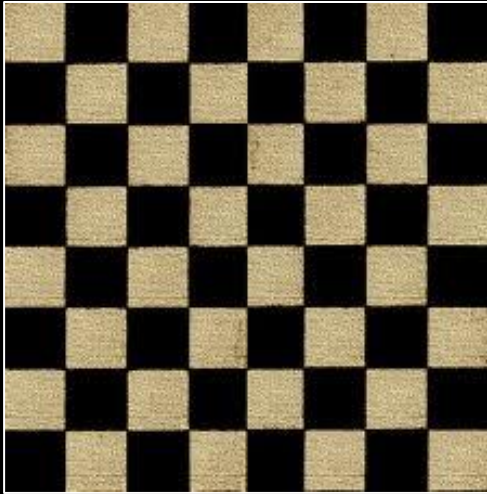

# 64 bit Operating System Welcome to the Matrix!

Your RAM -Random Access Memory- keeps you in the  
game/Matrix/Holograph! In the dRAMa!!!

dRAMa = Supreme Being trapped in (Or playing within) a complex system/Matrix via Random Accessed Memory which creates emotional patterns...or lock-ins!!!

## Rama

*From Wikipedia, the free encyclopedia*

Ram is the seventh avatar of the god Vishnu in Hinduism,[1] and a king of Ayodhya in Hindu scriptures. In few Ram-centric sects, Ram is considered the Supreme Being, rather than an avatar. Ram was born in Suryavansha (Ikshvaku Vansh) later known as Raghuvansha after king Raghu.

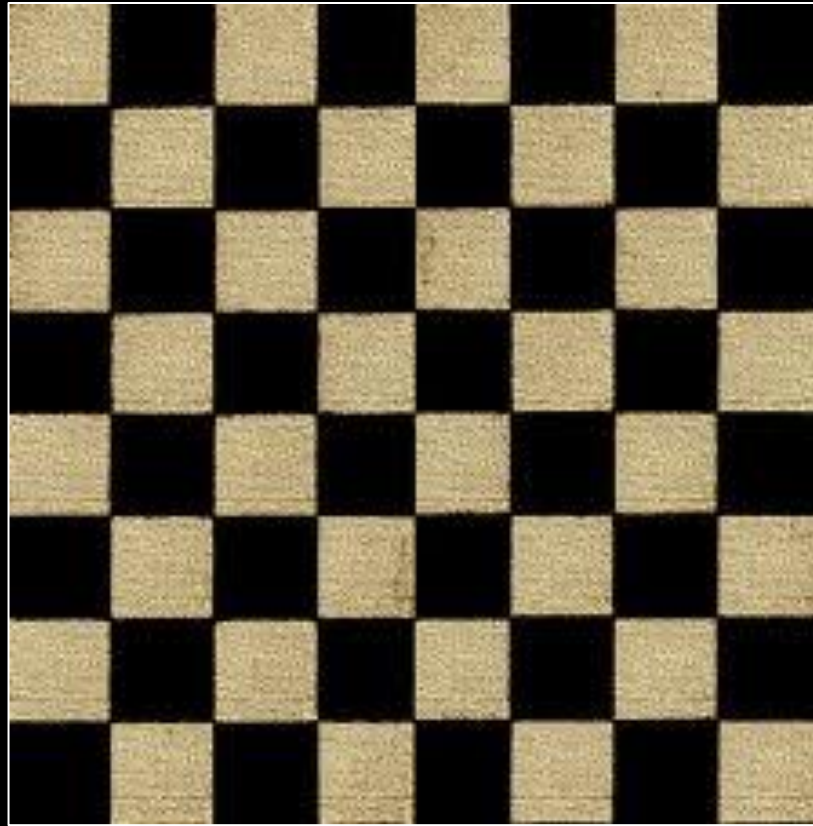

I will revisit the Supreme Being and Avatar bit a little later. I have to warm you up first!

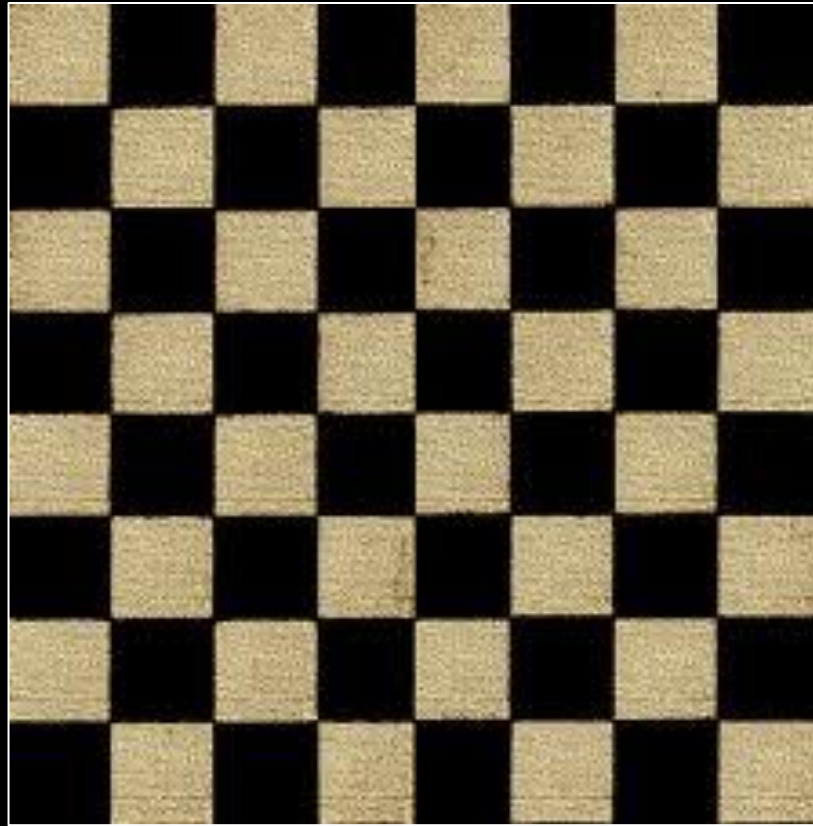

Let's go a little deeper into the whole 64 bit thing!

Shall we?

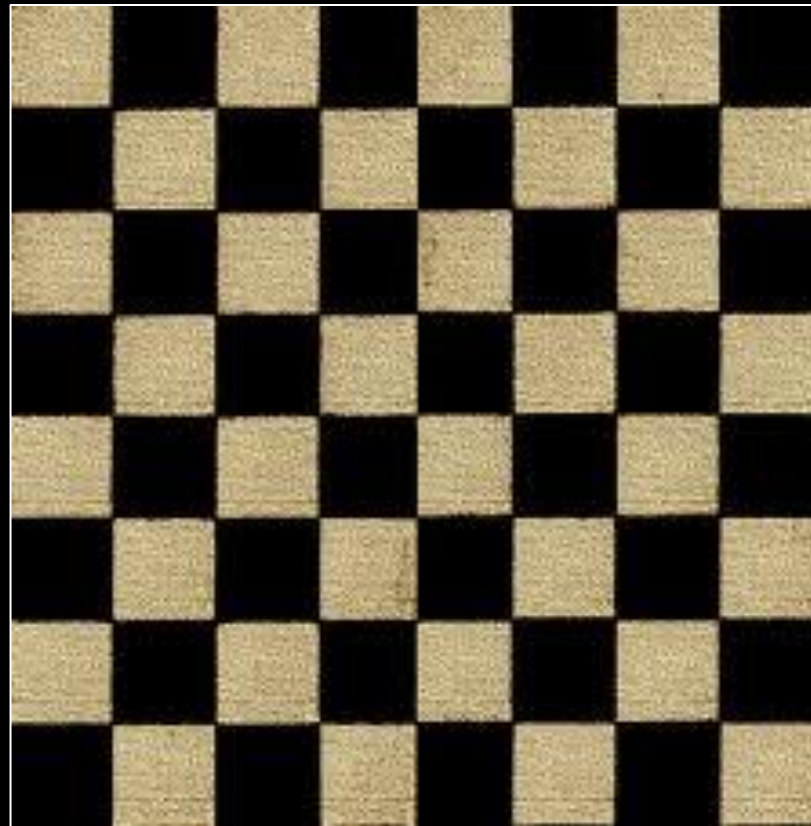

A 64 bit Operating System works off of binary instruction codes and binary data.

1 as "on" and 0 as "off."

The Game-Board below is BINARY!

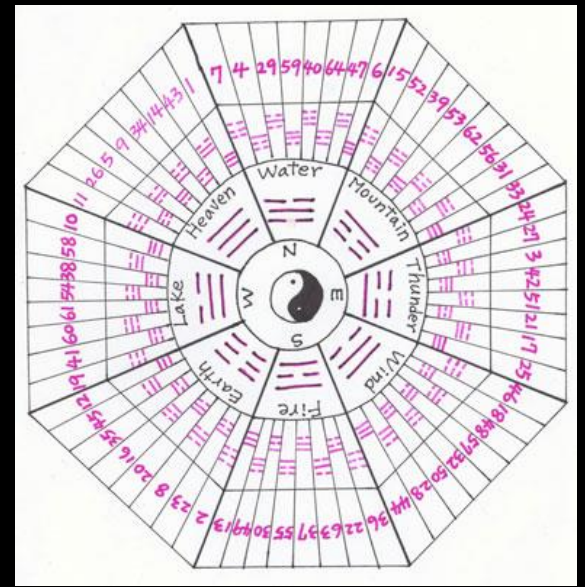

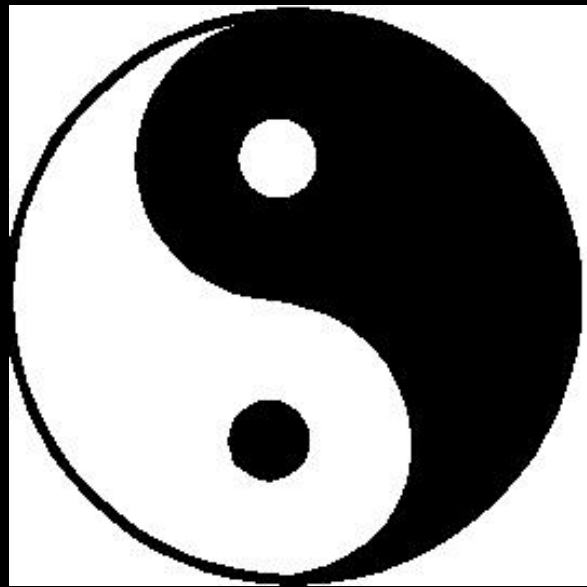

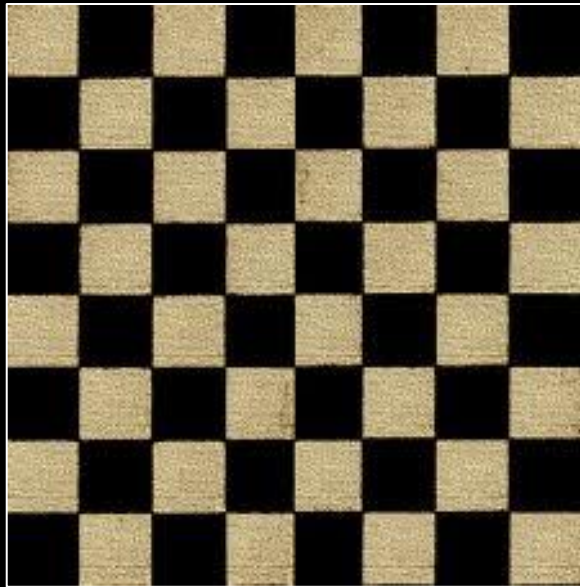

The Game-Board has two opposing  
yet complementary colors. **Light and Dark**

Light and Dark – On and Off – Yin and Yang!

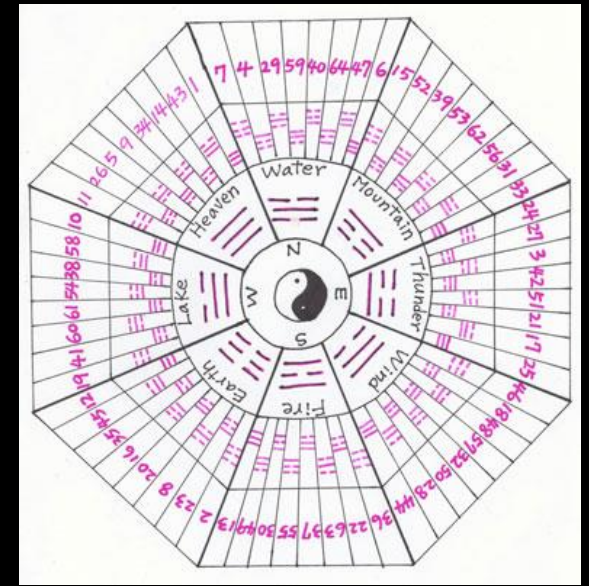

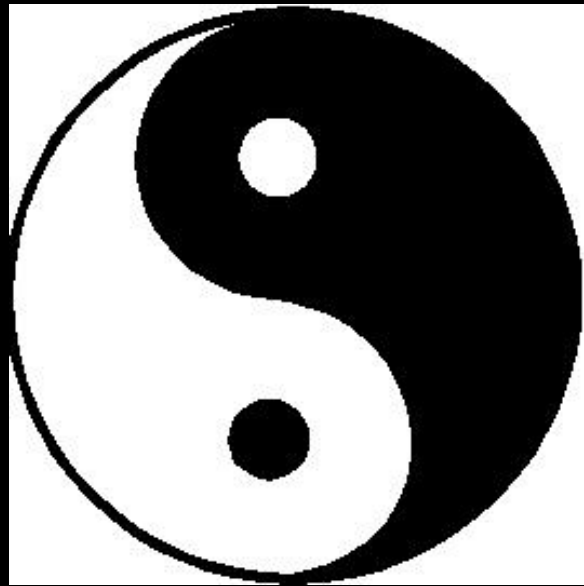

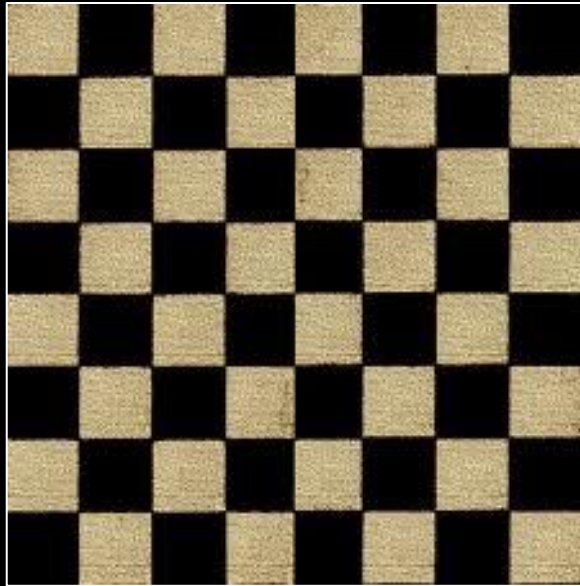

Without the binary code there would be no physical reality...Game-Board!

We need a binary code (opposing movement), a system/matrix/hologram and d**RAM**a to have a game.

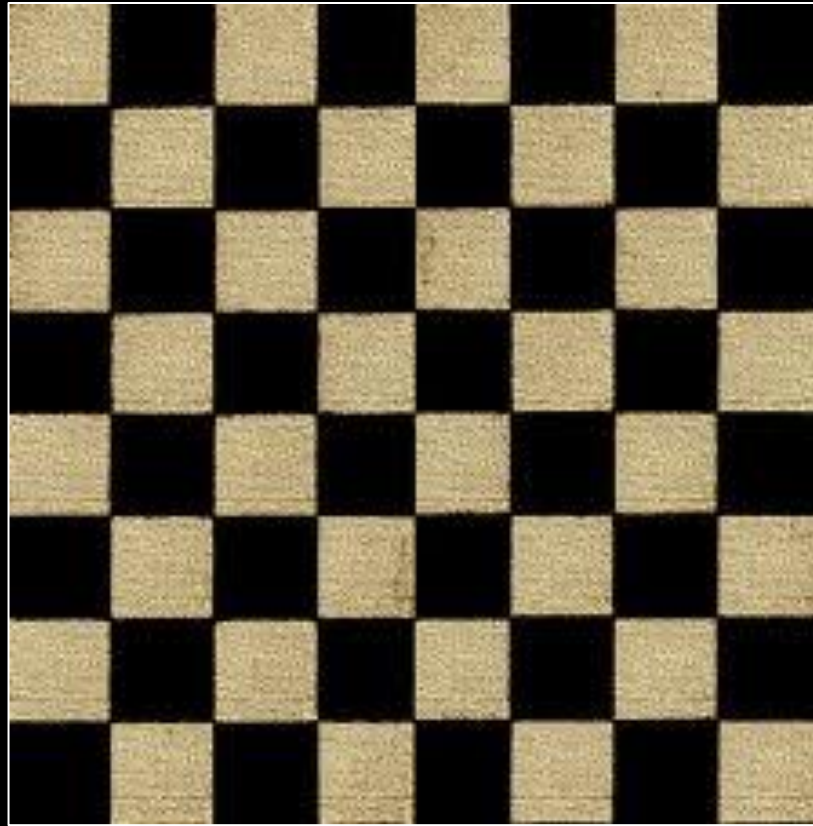

**BUT WAIT!!** Where are the players???

Well...let me tell you. It's a freakin' trip!!!

The players are created  
“OUT OF” or “WITHIN THE SYSTEM.”

Hold on to your backgammon boards, because this next part is going to be some tripping balls kinda stuff!

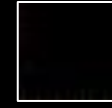

Let's start at the beginning!

Yin

ZEN

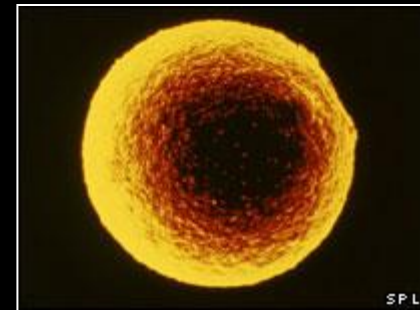

Yang

Sperm

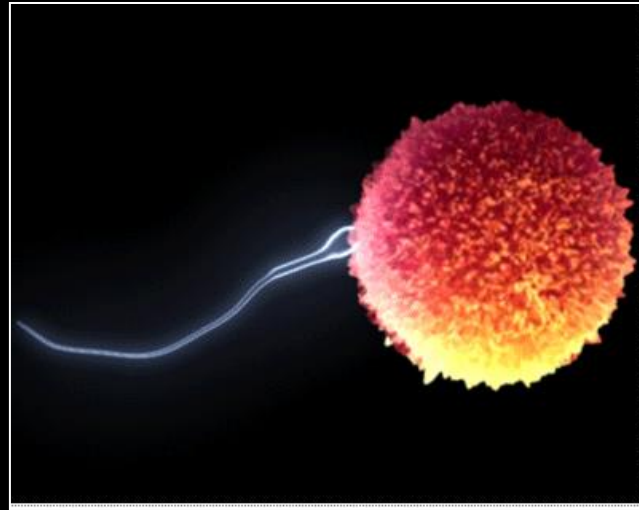

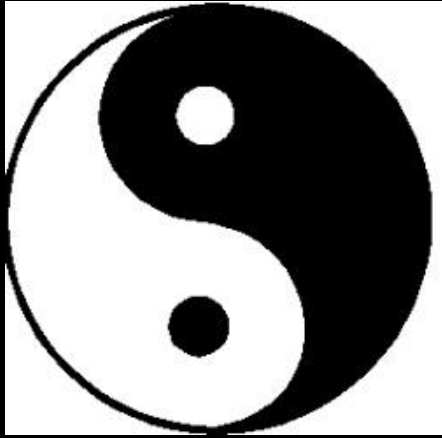

PHYSIOLOGY

Egg

Wave QUANTUMPHYSICS Particle

Yin and Yang come together and an orgasmic explosion of creation! A BIG BANG!

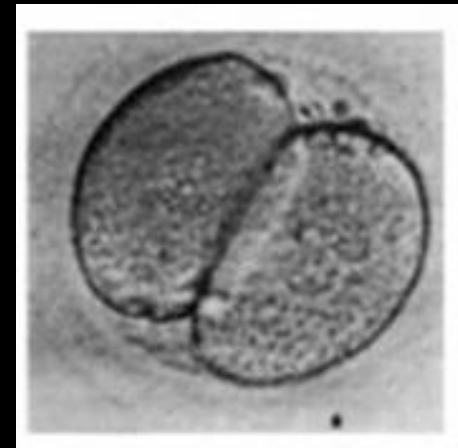

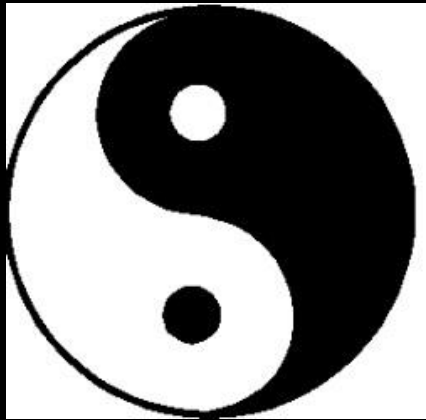

The ONE

“You are the ONE Neo!”

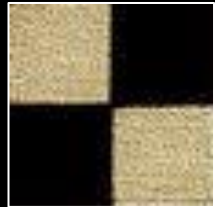

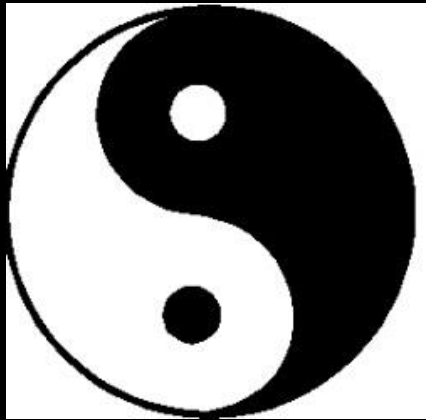

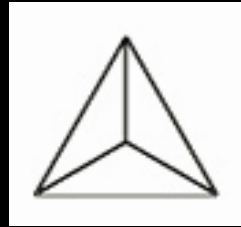

One becomes TWO (a line...a plane)!

---

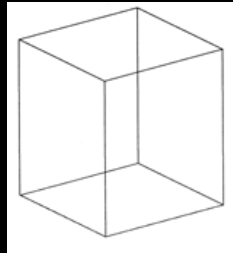

Two becomes **FOUR** (3d shape)!

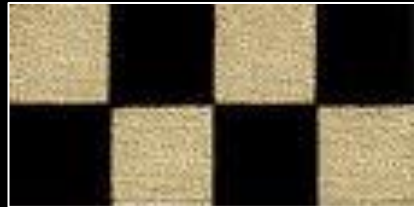

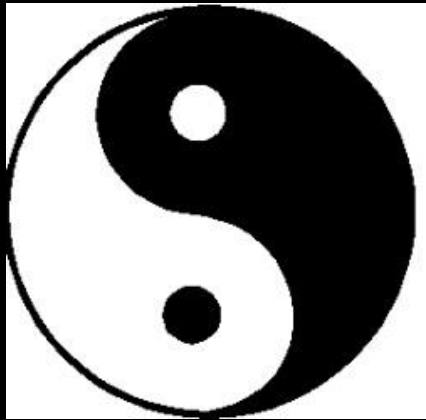

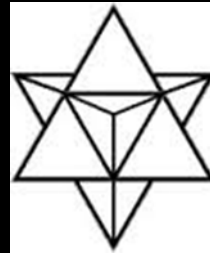

A **T**etrahedron has 4 points!

Four becomes EIGHT!

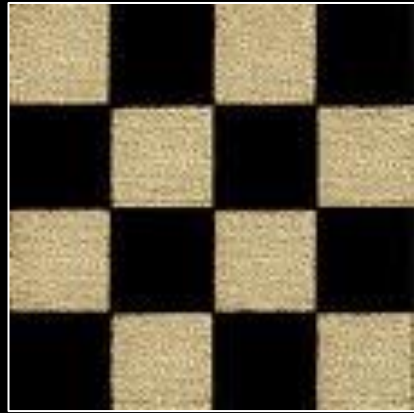

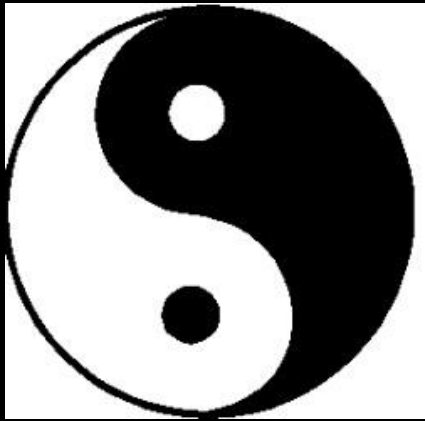

&

A Cube & STAR-tetrahedron have 8 points!

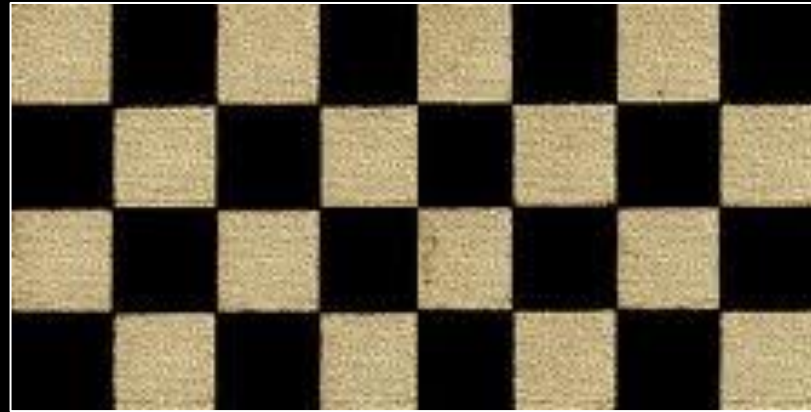

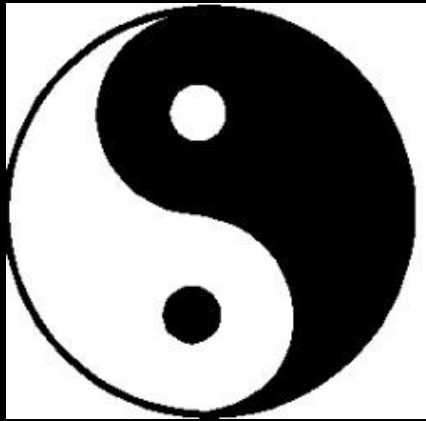

Eight becomes **SIXTEEN!**

It gets complicated and hard to follow at this point.

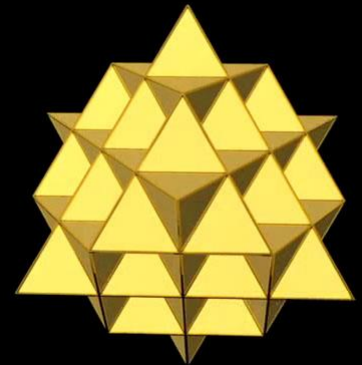

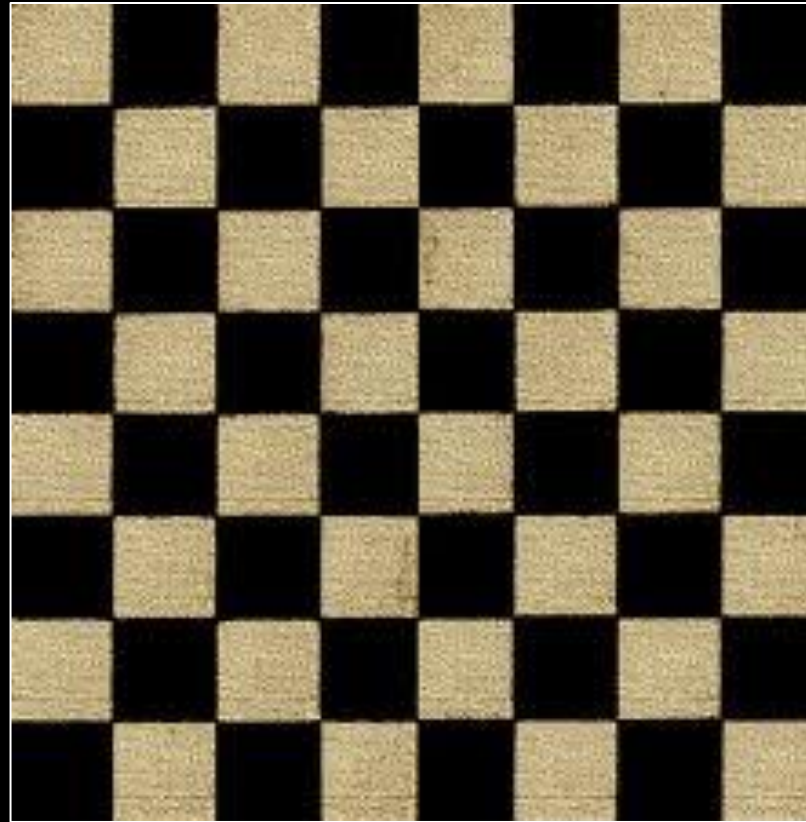

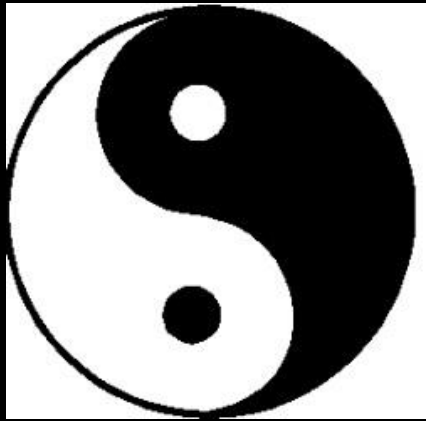

# Sixteen becomes THIRTY-TWO!

Once the cells become too numerous to be counted easily, which usually happens around the 32- or 64-cell stage, this terminology is abandoned and the embryo is said to be in the morula (Latin: little mulberry) stage.

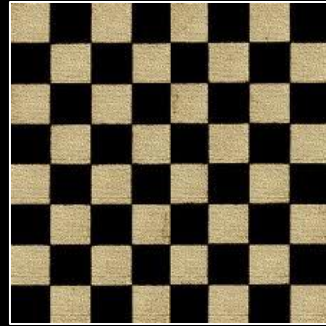

Thirty-two becomes **SIXTY-FOUR!**

On the right in yellow is a 64 Tetragrammaton. Check out Nassim Haramein's work for more information on that!

Congratulations! You have successfully grown your own Avatar!

64 bit DNA

Your **Avatar** is made of the same stuff as the Game-Board (the code). Therefore it isn't really you. It is a vehicle you embody...merge with so you can play on the Game-Board. You are in a coded and programmed system, and **YOU** yourself are a coded Program!  
*In a way, like what they did in the movie the Avatar!*

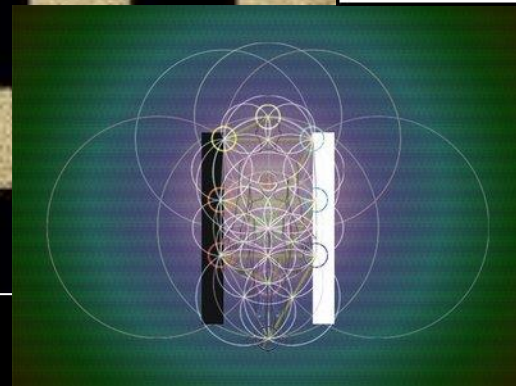

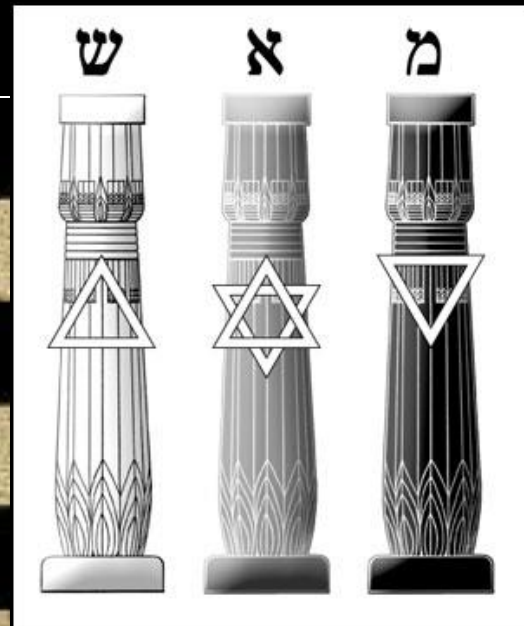

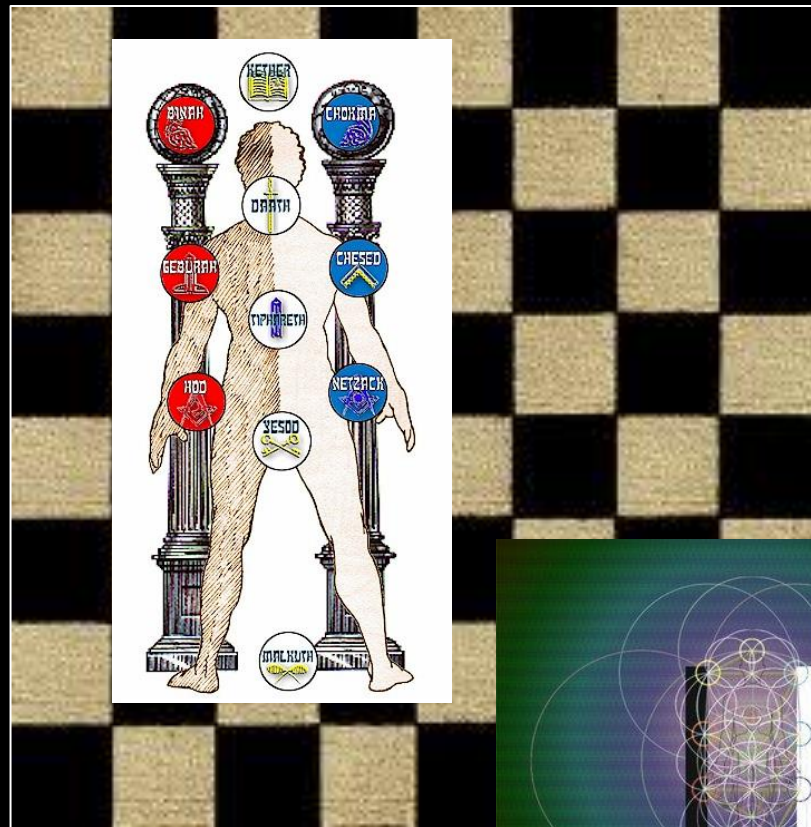

Like people do all the time to play a video game. Only this game goes way beyond first person POV play! You know what though? Our technology is not that far off from being to mimic life completely...at least through the senses.! Just look out movie graphics!

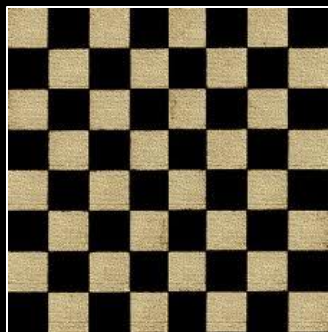

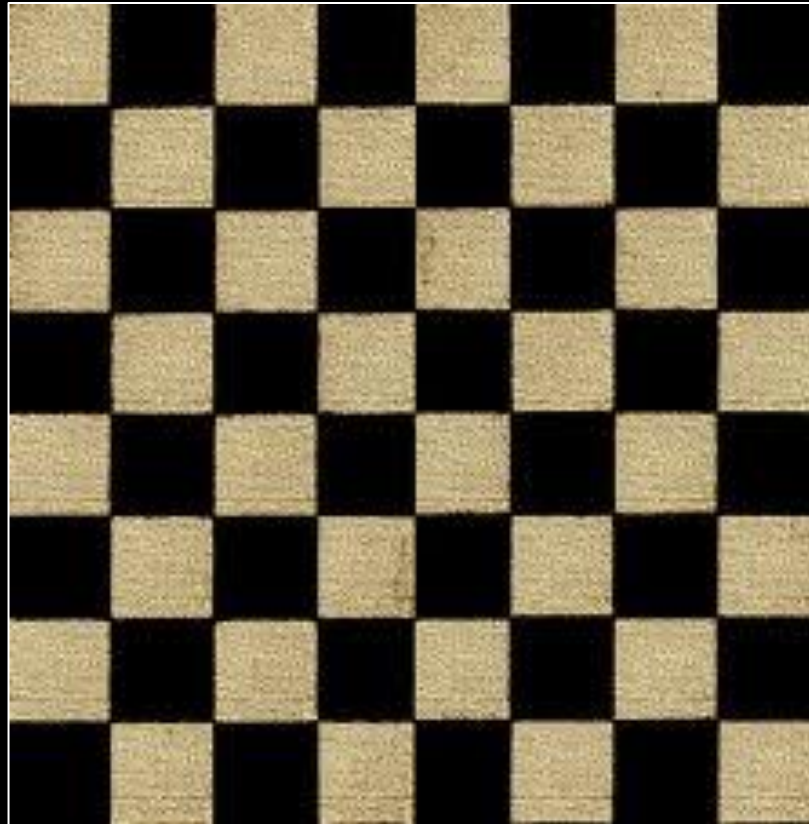

The Queen is the most powerful piece on the Game-Board. There is a reason for that. It's through the Queen (the feminine) that we emerge on the Game-Board!

There is dualistic aspect to all the pieces/players. This is because the players are created/generated from the binary/polarized Game-Board code.

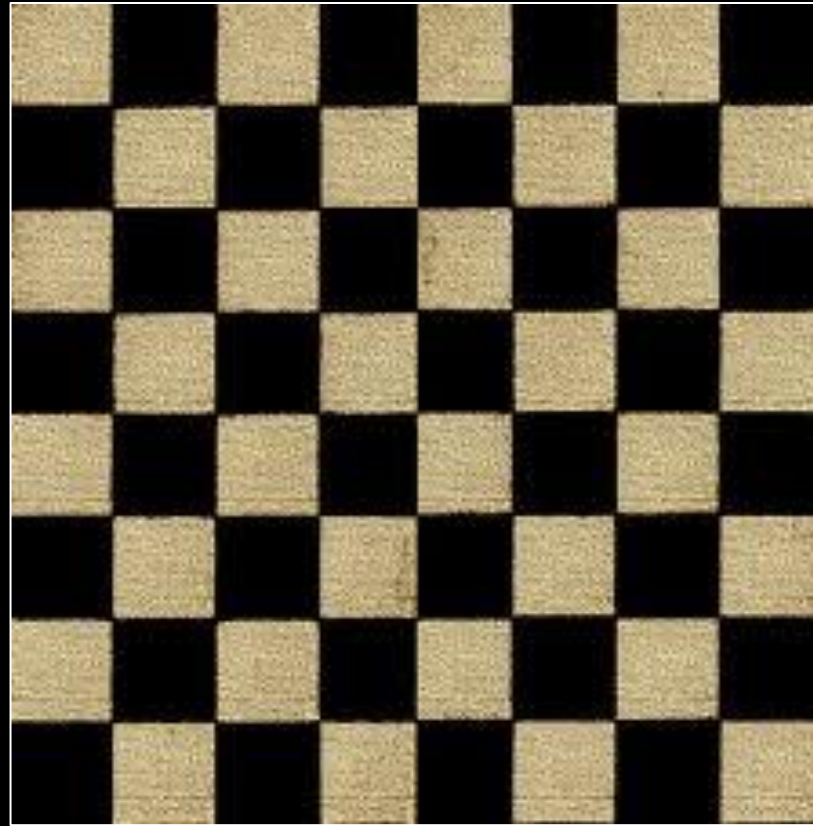

The Queen keeps the **Bishop** by here side. The Queen keeps the Bishop...the Church close, because she uses it to bend, hide (with misinformation) and create new rules. The Queen is then able to stay on the throne (rule) by implements her own rules.

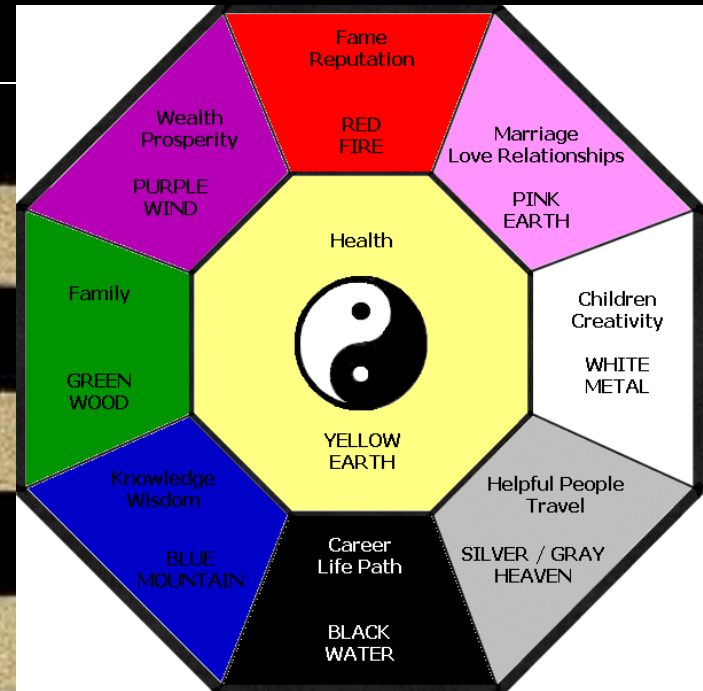

The Game **RULES** are codes we knowingly or unknowingly follow. Like any game there are rules...some known and some unknown (hidden).

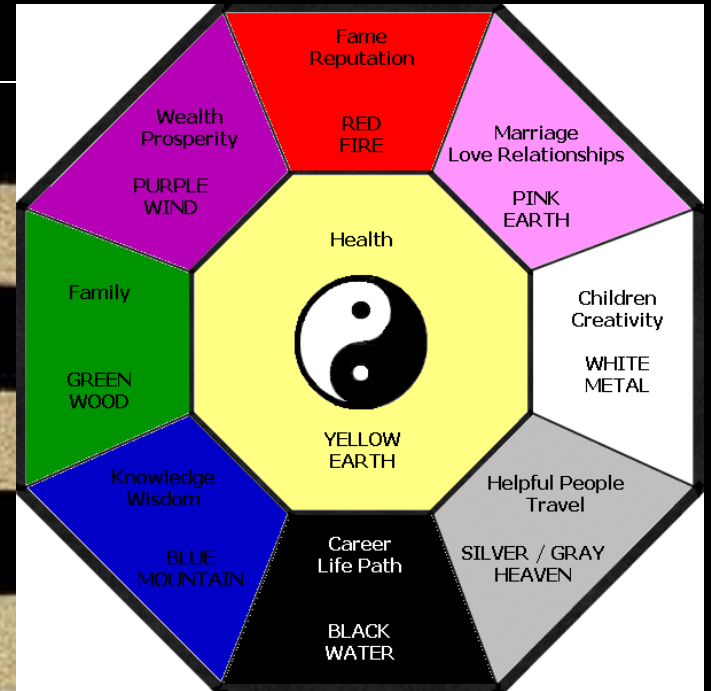

One of those hidden codes we operate off of unknowingly is Feng Shui! Even if someone has never heard of Feng Shui, I could walk in their house and read their consciousness. Their mental and emotional blocks...their fears...their worries. I can read a lot of stuff. That isn't a brag. It's **EASY**. Anybody can do it if they know the code!!! I can do the same thing with the someone's body. It's one of my specialties, because I've studied the hell out of a lot of codes.

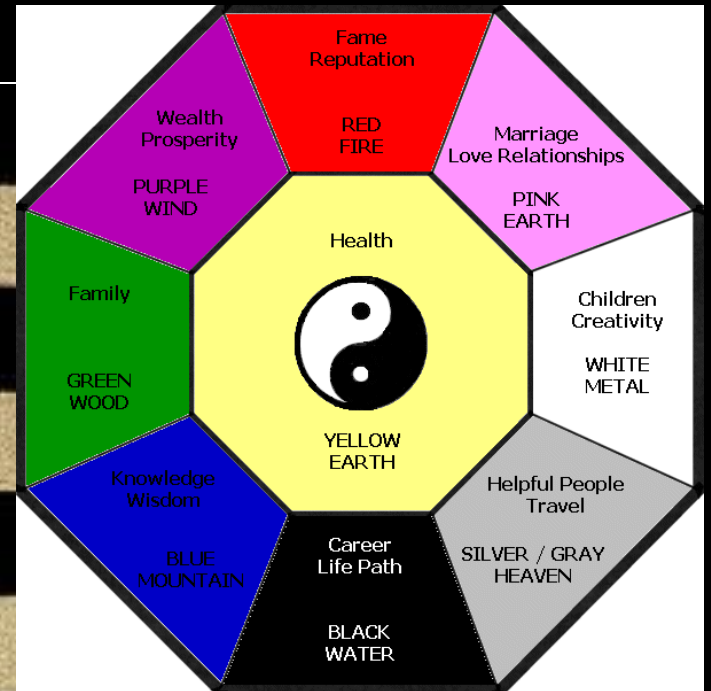

<b>WEALTH &amp; PROSPERITY</b> "Gratitude" REAR LEFT <u>Wood</u> Blues, purples, & reds	<b>FAME &amp; REPUTATION</b> "Integrity" REAR MIDDLE <u>Fire</u> Reds	<b>LOVE &amp; MARRIAGE</b> "Receptivity" REAR RIGHT <u>Earth</u> Reds, Pinks, & whites
<b>HEALTH &amp; FAMILY</b> "Strength" MIDDLE LEFT <u>Wood</u> Blues & Greens	<b>CENTER</b> <u>"Earth"</u> Yellow & earth tones	<b>CREATIVITY &amp; CHILDREN</b> "Joy" MIDDLE RIGHT <u>Metal</u> White & Pastels
<b>KNOWLEDGE &amp; SELF-CULTIVATION</b> "Stillness" FRONT LEFT <u>Earth</u> Black, blues, & greens	<b>CAREER</b> "Depth" FRONT MIDDLE <u>Water</u> Black & dark tones	<b>HELPFUL PEOPLE &amp; TRAVEL</b> "Synchronicity" FRONT RIGHT <u>Metal</u> White, gray & black

When a player first wakes up to the game, they start learning about the myriad rules/codes from Feng Shui to Enneagram to Astrology...the list goes on and on. This game is full of rules...some ancient and some new. Yes astrology is a code...a set of rules you unconsciously play the game by!

Understanding the rules helps you play the game better. Placing a statue of intertwined giraffes in your relationship Gua will help draw to you a relationship. Actually, just knowing that is freaky! RIGHT?

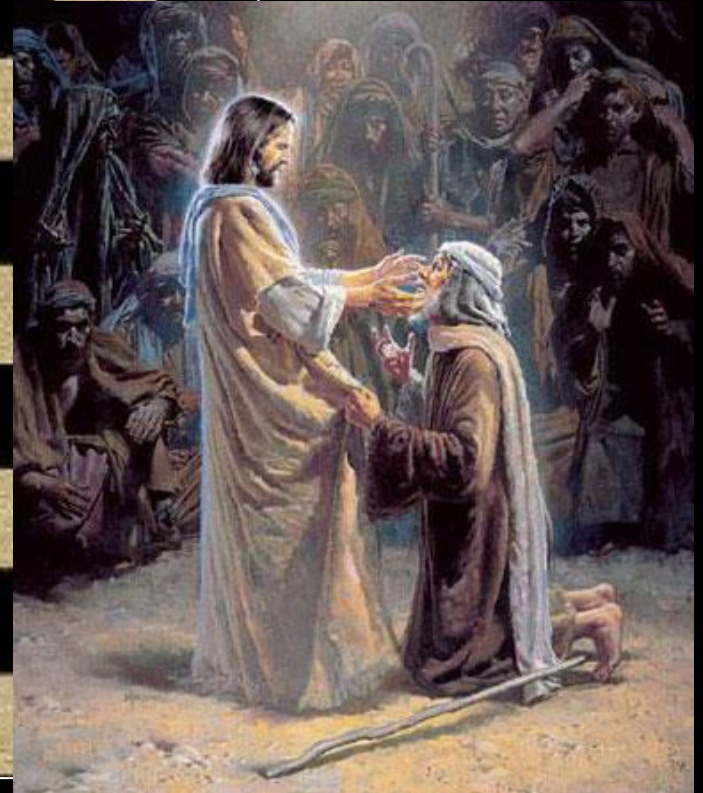

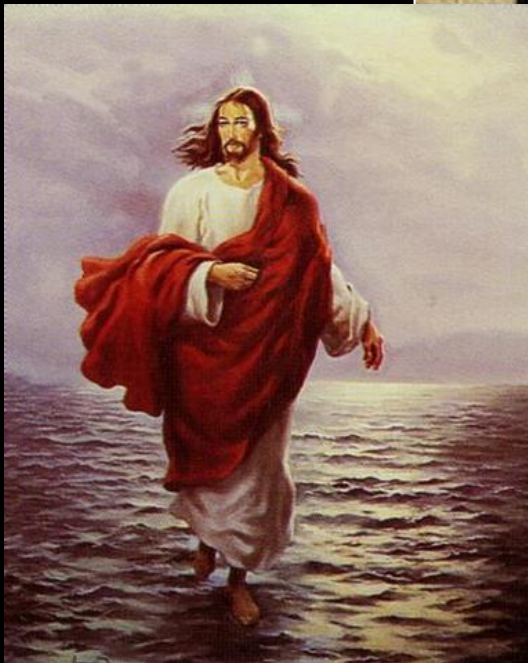

If you want to win the Game of YOUR LIFE you have to go beyond the imposed rules. Every rule is a limitation in some way. Play by the rules and you will be on the Wheel of Life (Birth and Death) forever. Yes the game is a little more controllable and fun, but all Rules...all the Codes (mental or symbolic) are made up from and within the system! If you use them they are inherently limited!!!! They do help, BUT .....

Think about it!

Was Jesus a rule follower or a rule bender and breaker?

All the **MASTERS** of life were and are all rule breakers! The **RULES** are meant to keep you in the game!!!

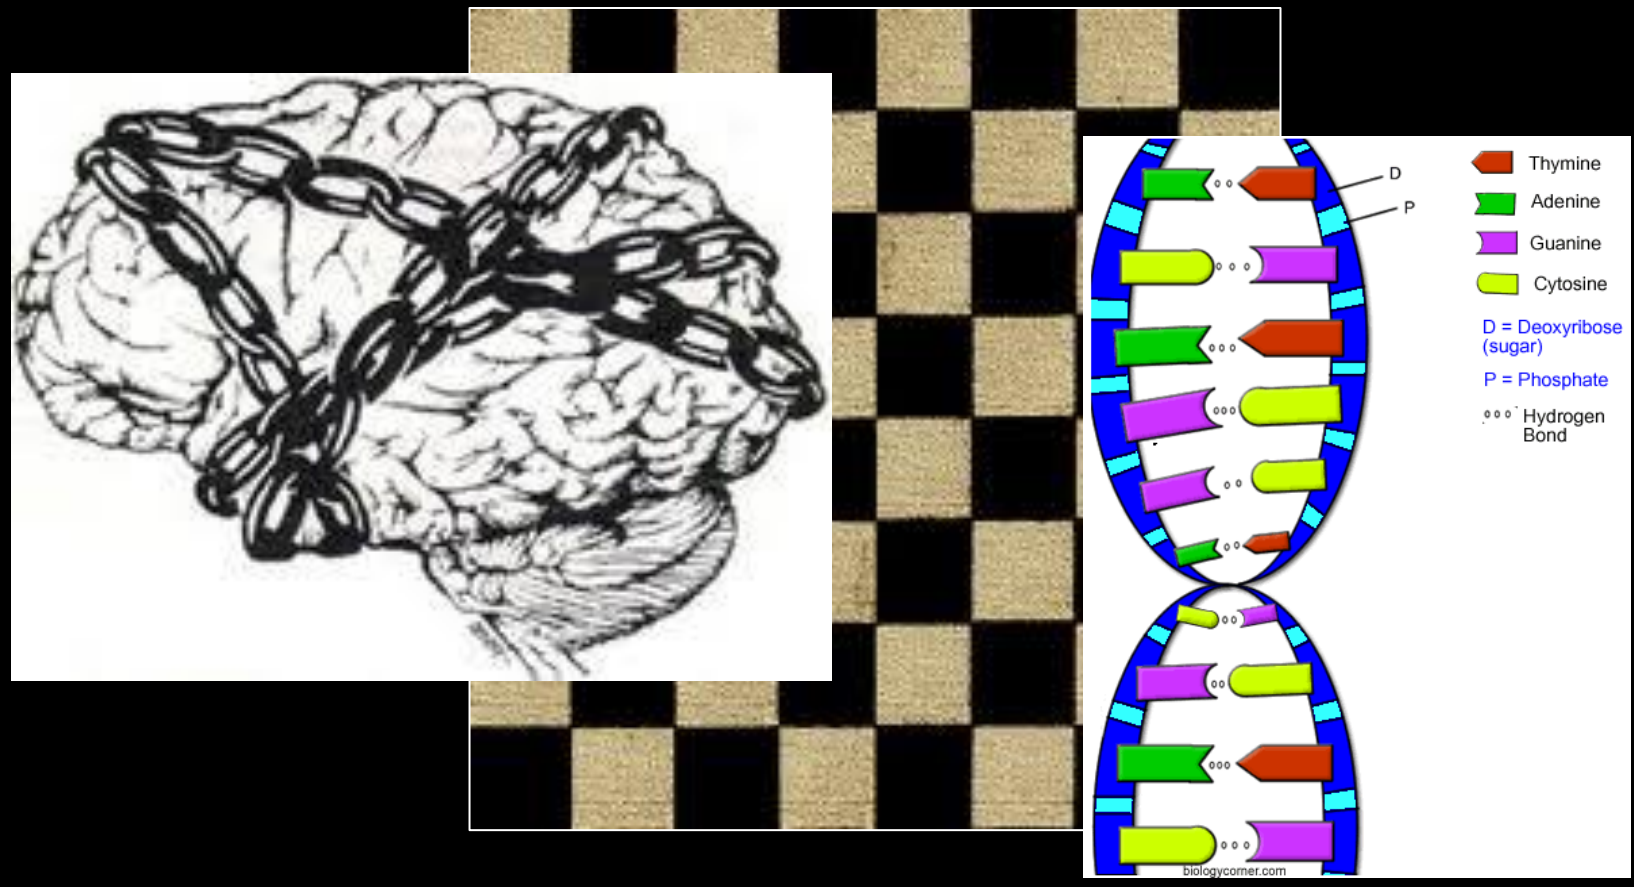

These rules can be hard to break initially, because they are tied into our DNA. This is why body issues can tell (if you know the codes) what is wrong with someone's mental and emotional **RAM!**

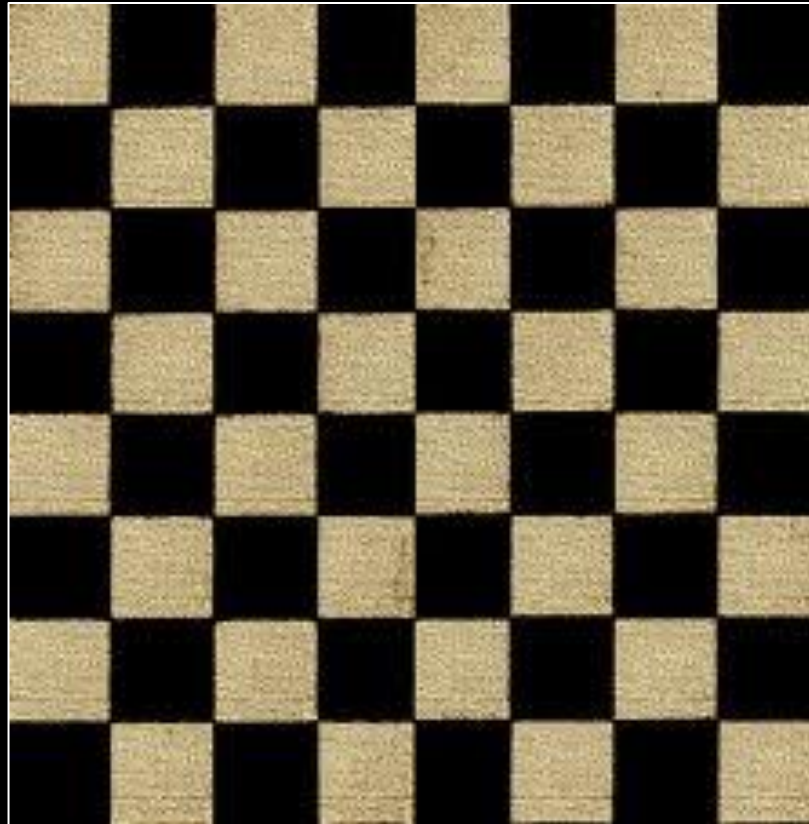

However, epigenetics is proving that a habit can change your DNA. That habit can be physical, mental or emotional!!!

This means that we have to change our RAM habits!!!!

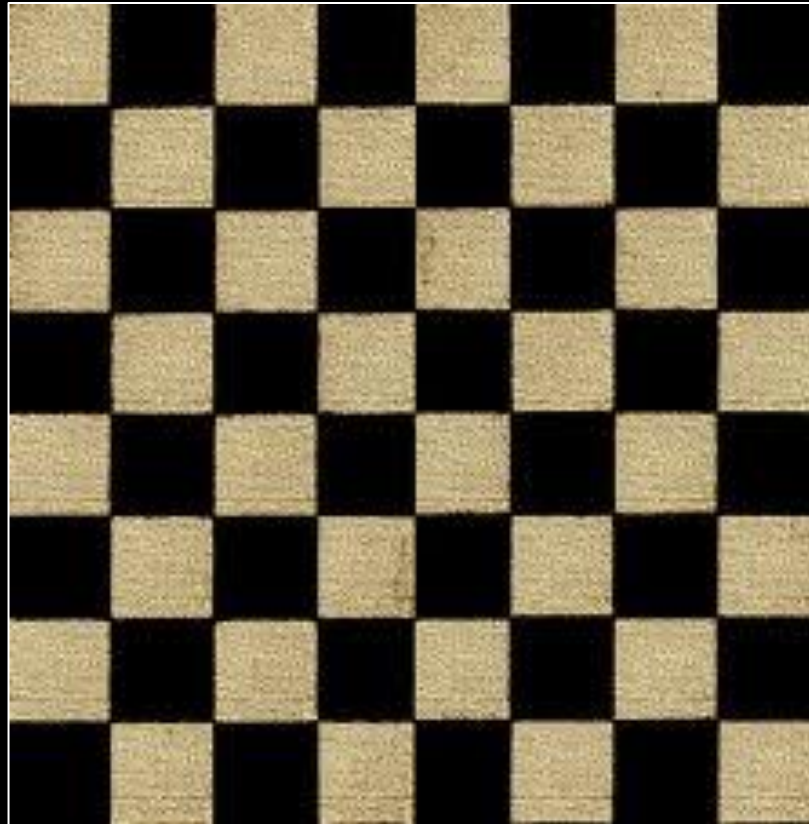

What happens when a lowly PAWN makes it across the board to  
"THE OTHER SIDE"?

They get to CHOOSE. Then and ONLY then do they have  
complete FREEWILL!!!

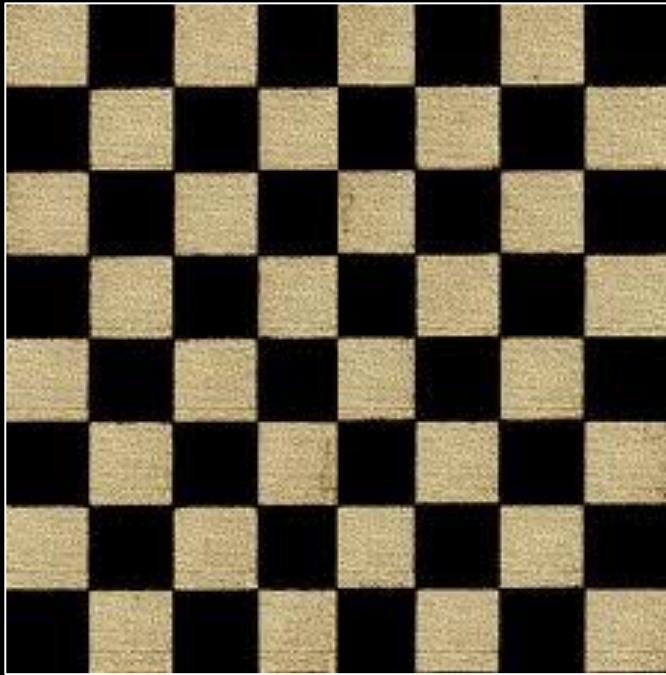

What happens when a lowly PAWN makes it across the board to  
“THE OTHER SIDE”?

They get to CHOOSE who they are. They then have more power. But let me ask you  
this. Do they have complete 100% FREEWILL or do they still have to play by the rules!!!

What if I told you that the Game-Board is even more complex than I've shared thus far? What if the Game-Board is more like the Board on the right? Multilayered...Multidimensional

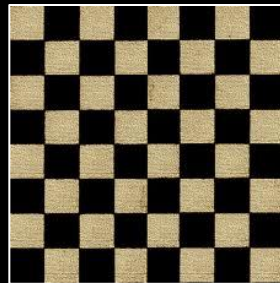

I could seriously keep going with this, and maybe I will later. However, for now I think I'll leave it where it is. That's quite a **BIT** (pun intended) to chew on.

I'll leave you with this.

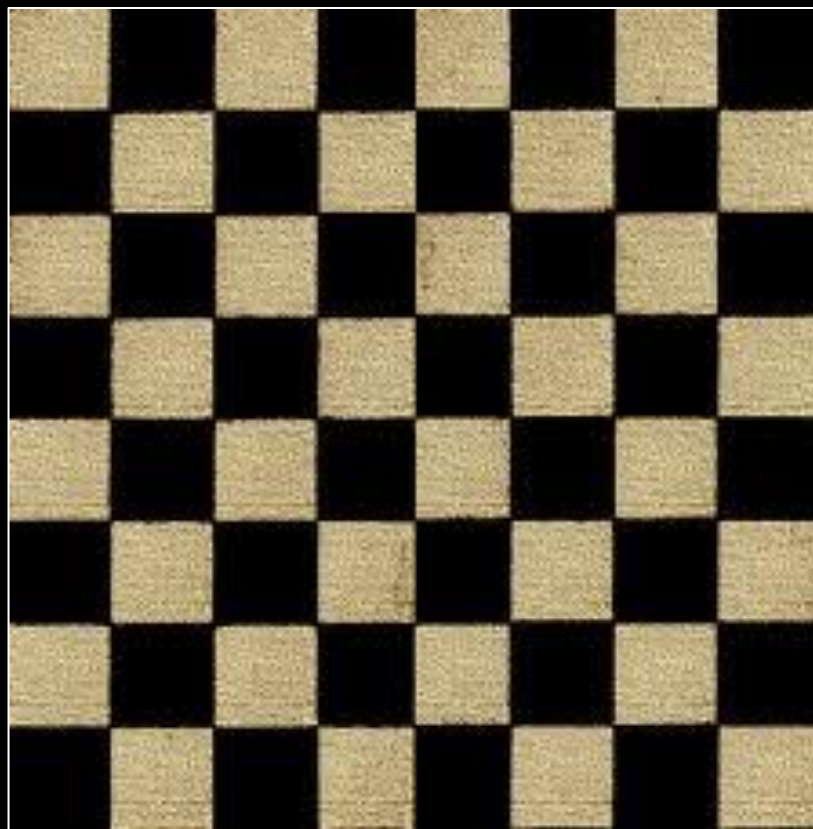

1. You are in a system that runs on certain codes that control you from astrology to feng shui to the **RULING** party.
2. These rules and codes need to be understood, at least at a fundamental level, so that you can have the life you want and deserve.
3. These rules can then be worked with and bent in your favor. What do you think your opponent is doing?
4. These rules can even be broken. Like a man losing half of his brain from shrapnel in the war and has no negative side effects whatsoever from losing half of his brain. People break the rules all the time.

What ancient rules are you letting govern your life-force? What's in your **Random Access Memory** and what is it locking you into repeating...locking you into playing the same ol' way?

IT'S YOUR MOVE!!!!

I honor that place in you  
Where when you are in that place in you  
and I am in that place in me  
WE ARE ONE!

We are made of the same Star stuff, we breathe  
the same Air, walk on the same Earth and drink the  
same Water.

NAMASTE
